

EXECUTIVE COACHING PROGRAMA Program of the Fieldstone Leadership Network

WHAT

Fieldstone Leadership Network's *Executive Coaching Program* is a year-long mentoring program which empowers nonprofit executives to fully embrace their personal and professional growth as a leader.

WHY

Professional coaching makes it possible for a nonprofit executive to better assess and develop their leadership skills through self-discovery, self-innovation, and self-management. The nature of our personalized coaching enables an executive to tackle issues of isolation and burnout, while being challenged to take a symbolic next step in their role as a nonprofit and community leader.

WHEN

The Executive Coaching Program will start in January of 2026. Each coachee will interact for two to four hours with their coach each month. While the program has a basic structure, the coachee has the ability to set their own agenda in their coaching. The format and context of the coaching interaction will be reflective of a balanced style and comfort for both the coach and coachee in the mentoring process.

WHO

The Executive Coaching Program is limited to nonprofit leaders with a minimum of a two-year tenure. The participants are assessed in their personal and professional goals, their present and future role within their organization, and their commitment to participate in the program.

The Executive Coaching Program is facilitated by Fieldstone Consultative Coaches. Our coaches have several years in the nonprofit industry, which encapsulate a wealth of knowledge, experience, and wisdom from "been there," "done that." They have lived through mistakes and have surpassed many challenges faced by nonprofit executives today.

HOW

The Executive Coaching Program is founded on a model and curricula which includes:

- A network of Coaches, graduates of a Fieldstone Executive Learning Group, trained to serve as peer coaches.
- Ongoing training throughout the year to support the coach-coachee relationship.
- A thorough matching process to secure the best outcomes of the coaching experience, and a mutual learning process in an atmosphere of trust and respect.
- The participation in a 360 degree feedback instrument from the Center for Creative Leadership along with a one-hour session with a CCL Certified Consultant to review the results.
- The use of self-assessment and goal setting strategies.

COST

A nominal cost of \$900 per person is required to help defray the costs associated with the Center for Creative Leadership's 360 degree review process required to participate in the program. All other costs associated with the program are underwritten by Fieldstone Leadership Network.

This program is offered to qualified nonprofit executives who meet the following criteria:
